

DIGITAL ADVERTISING

SOCIAL SHARE

Our 'Social Share' digital advertising package promotes your business to your local target audience across our popular social media channels. Our Instagram following alone accumulates over 30,000 followers!

Your created content goes out on Facebook as a core feed post, which is also pinned to the top of each feed for one week in a prime position. It will also go up on Instagram as a story sequence for 24 hours across all the channels you choose and these stories will then be saved as a highlight for one week. Social Shares are live Friday to Thursday, so do keep this in mind when booking your preferred Friday date.

We will also aim to share content as an Instagram grid post on the relevant town account where submitted imagery and copy meet our editorial and brand guidelines. Instagram grid posts are not guaranteed and are subject to internal approval and availability. We may edit or amend copy and creative as required
